

# Accessories

## → Display LED 36x72

- Display 4 digits 14 mm rouges
- Configuragle range
- Input 0-10V
- Front face protection IP 65

### Types

Type	Description	Supply voltage	Part number
Display	4 digits 14 mm red	24 V DC	88 950 400

### Specifications

Electrical Characteristics	
Supply voltage	24 VDC
Tolerance	±10 %
Current draw	20 mA
Input voltage	0 → 10 VDC
General Characteristics	
Number of digits	4
Color	red
Height of digits	14 mm
Precision of the apparatus (full scale)	0,3 %
Degree of protection face	IP 65
Degree of protection electrical connections	IP 20
Operating Temperature range (°C)	-10 → +55
